Graduation requirement:

- In accordance with the General Provisions for Study, undergraduate students need to meet the university-wide basic competencies of English, Information Technology, Chinese, and Sports, and pass the core competencies of their department to be eligible for graduation.
- The minimum credits for graduation is 128 credits, including 28 university required credits (including 12 credits of General Education), 57 required credits, 43 elective credits.
- Up to 4 credits earned from elective Physical Education courses will be recognized.
- Among the 12 university-designated required General Education credits, students must take one course from the Core Courses in the three areas: " Humanities," " Social Sciences," and " Natural Sciences " (2 credits each), and one course from the Interdisciplinary Exploration course group in the newly established " Interdisciplinary Exploration and Self-directed study" area (3 credits). In total, students must take 4 courses. and accumulating 9 credits. Students must select 2 elective courses from the Extended Courses in the " Humanities," " Social Sciences," and " Natural Sciences " areas, and the self-directed study courses under the " Interdisciplinary Exploration and Self-directed study " area. These 2 courses must not be from the same area, and at least 3 credits in total.
- In principle, students in each department should earn at least 43 elective credits within their own department. Credits not listed on the graduation framework under cross-disciplinary Focused Course Programs may be counted as credits from other departments. If other departments' courses are approved by the department Chair, up to 21 credits of such electives may be counted toward graduation credits. Students can retake Economics (I), Accounting (I) and other required courses with the same name from another department upon approval by the department chair. This practice can be applied to students who entered the university prior to the 2025-26 academic year.
- Students are required to complete one focused course program and obtain the corresponding certificate before graduation.
- Graduating students and students in the extended study period who did not pass required courses of Physical Education can waive a maximum of two (2) required Physical Education courses by passing Comprehensive Physical Education I, Comprehensive Physical Education II. This regulation is applicable for those admitted in and prior to 2020-21 academic year.
- If International students, overseas students or students from Hong Kong and Macao are not good at Chinese, they can take the courses of Basic Chinese I & II through International College instead of taking Chinese Literature: Appreciation and Creative Writing I & II. This regulation can be applied to students who entered the university prior to the 2021-22 academic year.
- Students who are retaking the University Core Required Courses, "Introduction of Artificial Intelligence" or "Software Program Design" can only take courses offered in their own department. If there is a conflict in class schedule or other unavoidable situation, students may take a course offered by another department in the same School with the consent of their original department. (Summer courses are not restricted to this limitation).
- Foreign students, overseas Chinese students, Hong Kong students and Macao students may select the following courses to waive "Chinese Literature: Appreciation and Creative Writing I and II" once the related test confirms that they have insufficient Chinese ability: "Basic Mandarin I and II" or "Chinese Literature I and II". This may also be retroactively applied to students who entered the university prior to the 2023-24 academic year.
